

Researcher's Mobility Office Ireland & Researchcareersireland.com

Researcher's Mobility Office Ireland operates a help desk and portal which provides a one-stop shop for researchers seeking to advance their careers and personal development by moving to or from Ireland.

Researchcareersireland.com is Ireland's mobility portal which offers researchers, who are undertaking research positions either in Ireland or abroad, online comprehensive, up-to-date information and assistance in all matters relating to their professional and daily lives.

Advice is given to mobile researchers and their families on administrative, working and cultural matters such as visa entry, residence and work permits, schooling, language courses and practical information in order to guide them before and upon their arrival in Ireland.

//WHO'S WHO IN IRISH RESEARCH

In this section you will get an overview of funding, strategy and the various organisations involved in promoting Ireland's Research across academia, government and industry. Topics include Ireland's research and technology landscapes.

Avail of the link to expertiseireland.com, an advanced online portal, combining in one searchable database, up-to-date details of academic expertise, funding information, technology transfer and collaborative opportunities for the island of Ireland.

Researchcareersireland.com and the Researcher's Mobility Office Ireland are co-funded by the Irish Universities Association, the Department of Enterprise, Trade and Employment and the European Commission. This European Commission initiative aims to remove obstacles to the mobility of researchers and to enhance the European Union's attractiveness for research talent from all over the world.

Researcher's Mobility Office Ireland is a member of ERA-MORE, the European Network of Mobility Centres. The portal offers access to the pan-European Researcher's Mobility Portal – <http://europa.eu.int/eracareers> which includes information on research fellowships, grants and job opportunities throughout Europe and provides links to the European network of mobility centres and portals.
