Investing in Science 2012

Collide. Spark. Accelerate.

Join us and be part of the next European supercollider, where the sharpest investors meet the hottest science startups

On 11th July 2012, as part of Europe's largest science meeting, we're putting the best European science-led startups in front of people who are ready to invest. We'll choose 12 teams whose scientific research and discoveries have the most potential to be part of the next generation of successful businesses.

For **science-led startups**, this is your chance to show the best European investors how you stand out from the rest. Visit www.investinginscience.com to find out about the competition dates, and how you can apply.

For **investors**, we'll make sure you get to hear from the hottest early-stage startups that are coming out of Europe's Universities and research institutions. Visit www.investinginscience.com to register.

Investing in Science 2012 is part of EuroScience Open Forum 2012; Europe's largest, general science meeting and is held in a leading Europe city every two years. ESOF 2012 will be hosted in Dublin from July 11th-15th , 2012.
